

THE STATION FOUNDATION®

PROVIDING A GENUINE HOMECOMING FOR U.S. SPECIAL OPERATIONS FORCES

We reflect on 2022 with deep gratitude. On May 29th, three hundred people gathered at Gail Dady's majestic Caliburn Farm to attend the inaugural Eagle Cafe presented by Thomas J. Campbell and Barbara & David Roux. With over two hundred new supporters in attendance, we raised a record \$1.2 million for our programs serving the U.S. Special Operations Forces (SOF) and Gold Star communities. Those gifts had an immediate impact.

In 2022, our virtual and in-person programs in Montana, Virginia Beach, and San Diego served 484 SOF families – operators, spouses, children, and Gold Star children – with two-thirds of the participating families returning home to continue serving on active duty. Nearly 150 families attended our programs at Base Camp Jimmy in Montana! No participant pays anything to attend our programs, anywhere or anytime. Sponsors and our guests at the Eagle Cafe provide the funding that allows the Special Operations and Gold Star communities to attend our programs and experience a true homecoming from war.

We ask you to join us on Saturday, June 3rd for the second Eagle Cafe, hosted by Barbara Roux, Gail Dady, and the planning committee at the Roux's St. Bride's Farm in Upperville, VA. Our goal for 2023 is to raise \$1.5 million, which will expand our staff and programs in Virginia Beach and San Diego, add programs for the first time at Fort Bragg and Camp Lejeune, North Carolina, strengthen our core program and training team in Montana, and exclusively fund programs, including our RESTORE and Spouse Performance programs and workshops.

We greatly appreciate your trust and support in delivering on the nation's promise to be there when our warriors come home.

Kevin Stacy

THE STATION FOUNDATION®

PROVIDING A GENUINE HOMECOMING FOR U.S. SPECIAL OPERATIONS FORCES

The effects of combat extend well beyond the battlefield – disrupting the lives of service members and their families. This is especially true for our nation's quiet warriors – the U.S. Special Operations Forces (SOF).

The heavy demands and ever-increasing expectations placed on SOF make it extremely difficult to preserve the health, wellness, and readiness of its operators and families.

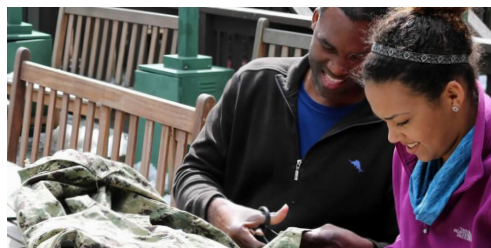

As members of SOF, we face the effects firsthand, especially the sacrifices and impact on our unheralded professionals and their families. We know the urgency to protect this community before it is too late and how critical it is to establish the same level of support in homecoming as they receive in combat.

The Station's Authentic Experiences Reconnect, Recharge, and Rekindle Relationships

FAMILY FOUNDATION WORKSHOPS bring SOF families to our campus so the service members, spouses, and children can relax, reconnect and reopen lines of communication.

SPOUSE PERFORMANCE PROGRAMS guide spouses to value themselves and to balance service for others with care for self as they lead on the home front.

RESTORE helps service members and children overcome the stress of extended absences with activities designed to help family members rediscover and strengthen ties in natural teamwork situations.

TRANSITION AZIMUTH CHECK (trAC) connects SOF operators and spouses with select business leaders and alumni to help them realize their strengths and leverage their unique skill sets in the private sector.

THE CROSSING guides Gold Star* Children to share, learn, and grow by cultivating teamwork, tenacity and trust. These wilderness treks encourage students to believe in themselves, cross personal thresholds, and become equipped for success.

*Gold Star identifies children of SOF Warriors who lost their life while serving.
