Yes... Ohio Parents have Trust Issues!

In 2020 a Central Ohio Gender Affirming Sex Ed program was exposed for recommending several “Online & Reliable Sex-Ed Resources” that contained obscene content to middle school students. MozaicOhio.org was one of those resources, and the Ohio Attorney General’s Office was made aware of this situation. The organization stated during a school board meeting on 10/21 that, “one of our links had been corrupted”, despite the fact that the links were printed in their 2019-2020 Student Packet, and two of the 3 links referenced were printed on their classroom presentation slides.
